

## SALES MANAGER AUTOMOTIVE (m/f/d)

Inova Semiconductors founded in Munich in 1999, Inova Semiconductors is a pioneer in the field of high-speed data transmission and ground-breaking lighting technologies for the mobility sector. Our company drives developments that redefine what is possible. Our cool team of visionary minds works ambitiously to develop semiconductor products that exceed expectations. This includes an innovative product range for current and future infotainment and ADAS systems in the automotive environment as well as ambient and dynamic interior lighting. We encourage vision, value unconventional ideas and strive for excellence.

Inova Semiconductors is a community of exceptional talents who are passionate about driving positive change through innovation.

Join us as we develop the next step into the mobile future.
